# Fire & steel

## Recreate a bygone era

Solid cast iron fires have been a feature in British homes for generations - and now you can bring history into your home with this authentic looking range of surrounds.

Suitable for solid fuel or perfect for today's modern flame effect gas fires, you can now introduce the Georgian and Victorian age into any room.

*Hard, cold, metal harnessing the heat of fire makes a wonderful combination*

## cotham surround

### F771

A magnificent polished cast solid fuel surround which displays elegance through its simplicity. The straight line detail contributes to its refined appearance which is further complemented by a clean cut black granite hearth. For extra versatility this surround can also be adjusted for use with gas.

#### Dimensions

Height	1029mm	3'4 1/2"
Width	1100mm	3'7 1/2"
Depth	140mm	5 1/2"

### rochdale surround F7474

A black cast iron solid fuel surround inspired by the Victorian period. The subtle curved detailing softens the overall appearance and makes it an ideal addition to any period room. A black cast iron hearth is available to complete the look (*sold separately*).

#### Dimensions

Height	990mm	3'2"
Width	915mm	3'0"
Depth	90mm	3 1/2"

### redland surround F772

A delicately executed solid fuel surround, the polished floral detail is subtly effective and its slim design makes it an ideal addition to any size of room.

#### Dimensions

Height	988mm	3'3"
Width	760mm	2'6"
Depth	120mm	4 3/4"

#### Dimensions

Height	1143mm	3'9"
Width	1000mm	3'3 1/2"
Depth	150mm	6"

### clifton F770

An ornate black cast solid fuel surround with polished floral detail. Traditionally styled cream tiles continue the floral theme and contrast strikingly with the black surround. This surround is shown here with a black granite hearth (*sold separately*).

### bronte surround

FS89805316

An impressive solid fuel black cast iron surround which is characterised by distinctive floral tiles. Its strong structure makes an impressive centre piece, capturing the ambience of the period which inspired it. This surround is further complemented by a black marble hearth (*sold separately*).

#### Dimensions

Height	1215mm	4'0"
Width	1135mm	3'7"
Depth	135mm	5"

### the avon surround

F774

This traditional polished cast iron surround uses simple but effective detailing to create an impressive centre piece in any room. Its appearance can be further enhanced by the use of a contrasting black granite hearth (*sold separately*).

#### Dimensions

Height	1020mm	3'4"
Width	1015mm	3'3"
Depth	135mm	5"

### ophelia surround

F70

This polished cast surround is both smart and stylish whilst maintaining a true sense of tradition with its ornate floral detailing and decorative front. Its slim design allows it to become a feature in a period setting and it is set off beautifully by a polished cast iron hearth, as shown (*sold separately*).

#### Dimensions

Height	1025mm	3'4 <sup>3</sup> / <sub>8</sub> "
Width	895mm	3'0"
Depth	120mm	4 <sup>3</sup> / <sub>4</sub> "

## cast iron stoves

**gas**  
**ST53809253**

**solid fuel**  
**ST53807952**

Cast iron stoves are becoming increasingly popular bringing rustic charm to a room. Two options are available - a gas fired version (*left*) and a solid fuel version (*top*). The top outlet is for the gas stove and the rear outlet is suitable for solid fuel.

### Dimensions

Height	575mm	1'10 <sup>1</sup> / <sub>2</sub> "
Width	438mm	1'5 <sup>1</sup> / <sub>4</sub> "
Depth	325mm	1'11"

*Variation and choice...  
Self expression has never  
been easier*

# *Optional* flexibility

## **The perfect finish**

Creating distinctively designed fireplaces is easily achieved with the wide range of quality back panels and hearths. You can personalise your surround to fit in with your existing style or use the different options to inspire a new look for your interior. In addition, a range of fires in both gas and electric are on offer with a choice of both traditional and contemporary trims and finishes.

## tile sets

Customise your back panel with these stylish tile sets

## chairbrick

### F333

A number of our cast iron gas suites may require a replacement chairbrick to complete the installation of the suite.

## granite hearths and back panels

**F841**  
**F832**  
**F831**  
**F831SF**

Granite back panel black  
Granite hearth black 48"  
Granite hearth black 54"  
Granite hearth black 54" solid fuel

## 16" taper gas fire

### F330

For use with our cast iron fires if converting from solid fuel to gas.

## cast back panels

### polished arch back panel

**F73PO** - An impressive back panel which can lend a sense of strength and durability to a range of surrounds.

**F73POSF** - suitable for use with solid fuel

### square back panel

**F72** - A black cast iron back panel with simple straight line detail. Can be used to complement a range of surrounds.

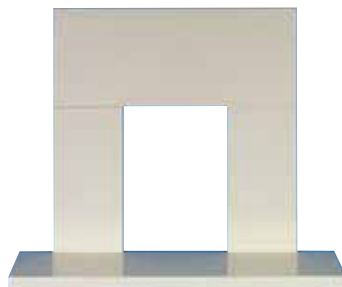

### tiled iron cast back fire

**FS87807297** - A striking cast iron back panel suitable for a wide range of surrounds (*tiles not included - refer to page 43 for choice of tile sets*).

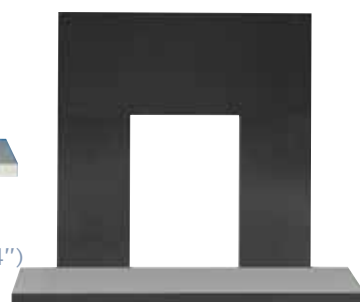

## lightweight marble

Supplied complete with back panel and hearth, this natural marble with an aluminium backing is suitable for use with both electric and gas fires. Available in cream and black.

**Not suitable for flueless gas fires.**

**F860CR** (1219mm/48")  
**FS87807105** (1371mm/54")

**F860BL** (1219mm/48")  
**F861BL** (1371mm/54")

## hearths

A range of different size hearths are available in various finishes.

**black granite hearth**  
**F831 (48") F832 (54")**

A polished black granite hearth available in two sizes: 48" & 54".

**F831SF (solid fuel)**  
A solid fuel version

**small polished cast iron hearth**  
**F7901**

A highly polished cast hearth.

A range of economy hearths and back panels are available on request. Visit [www.wintherbrowne.co.uk](http://www.wintherbrowne.co.uk) for details.

# Accessories

We offer a range of accessories to help you apply the finishing touches to your fire surrounds and suites

## Fire Guard

**FA89805330 Black**

**FA89805323 Chrome**

Protect young and old with these easy to fit fire guards designed to fit our meridian range of gas fires.

## Replacement pebbles and twigs

**FP53808966 (Twig Set Full Depth)**

**FP53808935 (Twig Set Multiflue)**

Give your gas fire a new look with these fashionable twig and pebble sets.

## Northland Log

**FA108**

Quality fire log - clean to use and easy to light, smokeless and with very little residue.

## Coal Paint 300ml

**FA89870185**

Ultra high temperature decorative finish designed to enhance the appearance of gas coals.

## Glass Cleaner 320ml

**FA89870178**

Use on wood, coal or oil burning equipment, glass fire screens or fronts.

## Stove Paint 450ml

**FA89870192**

Heat and corrosion resistant finish for use on wood, multiflue stoves, coal or log effect gas fires, grates, baskets, fire backs and barbecues.

## Expanding Foam FA202

Fire retardant PU foam giving excellent adhesion to many building materials and suitable for fire retardant sealing of connection joints, ceilings, floors and door or window frames.

## Fire Cement

**FA201**

High temperature resistant sealant for interior sealing applications between concrete, masonry, metals, heating systems, furnaces, etc.

#### **soho** left

unique and stylish, this maple veneered cabinet has a toughened frosted safety glass front

#### **henley** bottom left

this traditional cabinet is available in real oak veneer and satin white finishes and features opening doors for easy access to radiator valves

#### **classic** below right

our best selling range, the classic is available in a variety of sizes and finishes

#### **georgian** bottom right

classic design lines set this cabinet apart, as does its removable grille allowing access to radiator valves. Available in both real oak veneer and satin white finishes

Radiator cabinets not only look great but also provide additional shelf space and protection from hot surfaces for the very young and elderly. In addition, when used with a reflective foil, they allow the heat in your room to be dispersed more effectively
